Being son of a single parent factory worker I know very well the importance of getting back to work so you bet we work towards that without any unnecessary delays. I understand very well what medical bills can do to a family that is already stretched to the maximum that's why we are taking the stand - No more medical bills! You can come in with the confidence that you are not liable for any medical bills. We only send medical bills to you if the insurance company sends the check directly to you or if your insurance was terminated since starting the treatment. If the insurance company doesn't pay for the services, we will fight it but you are not liable for any bills. If you are honest and straight forward you have lot common with me so you have nothing to worry about other than being pain free. It is very important that you do all the exercises your physical Therapist gives you and you don't add or delete anything without first checking with them. If you have any questions or concerns, contact me directly at jay11040@gmail.com

It makes me very happy to know that you are living a pain free life and I was part of the reason for it. There is a customer care representative or office administrator that you can talk to regarding any of the difficulties you might face.

It is the goal of our clinic not only to accommodate you to the best of our ability, but to also treat you as an honored guest in our home:

Everyday

Every time

Without fail

And with absolutely no exceptions.

I like to pleasantly surprise my clients (those under my care and protection) occasionally. If you are being helped to become pain free then you have a moral obligation to refer your friends and family so we can help them as well. When you refer, we will make you a HT VIP.

P.S We are offering pain free body*®, No more medical bills*®, and complimentary transportation. If there is anything else I can do, please let me know.

We look forward to serving you, your family and friends in the future. We want to thank you again for choosing us. Please feel free to recommend us to your friends and family.
