We understand you had many choices when it came to your Physical Therapy. Thank you for choosing us. We appreciate that, we need your help to help you get the best result. Sign up for at least 1 super therapy, the more the better. What is Super Therapy and why we think you need it to get the best outcome? Let us explain it:

Super Therapy is the most concentrated form of Physical Therapy. A Physical Therapist will spend 45 minutes with you only-that means getting you better is the only thing in their mind unlike regular Physical Therapy where you are one among many on the Therapist's schedule. If your goal is to get better faster so you can return to work early and earn ten times the cost of Super Therapy or be with family pain free* then Super Therapy is the way to go. Super Therapy is offered in two formats in our office as elite or Teletherapy at your home, which is through the computer. We will be with you every step of healing.

We prefer you to get Super Therapy in the beginning of your treatment regime as it is the best way for you to build rapport with your dedicated Therapist as well as for them to 100% focus on making you better! Super Therapy is not covered by insurance, but we have very special offer for you: For a very limited time we are offering 50% off for the first visit with entering the code SUPERTHERAPY at check out. That is only \$75 for [Elite](#) or [Teletherapy](#) session normally it is \$150! Or inform the front desk that you want to take advantage of the 50% discount available to you and they will take care of everything for you. You decided for us to find the root cause and attack it with a vengeance, now give us the best tool to take care of it for you.
